the world of women in the ancient and classical near east written by scholars working in the united states canada mexico and israel makes important contributions to our knowledge of the lives of ancient women its articles employ archaeology biblical and other textual studies ethnographic comparanda and more to investigate women in egypt and western asia from the predynastic to the byzantine periods as well as in england in the victorian era they combat modern scholarshipâ tm s marginalization of women in antiquity proving beyond all doubt that womenâ tm s roles in the home in the workplace and in society at large were essential for the survival of the family and the community locating women within the domestic sphere can no longer be seen to diminish appreciation of their extensive responsibilities and accomplishments to the contrary womenâ tm s domestic contributions are proven to be essential components of human survival as are their contributions elsewhere throughout society in elite royal

religious and funerary contexts the nine articles in this book highlight the fact that the traditional scholarly reliance upon dichotomization and compartmentalization must be resisted and new paradigms developed and adopted the world of women in the ancient and classical near east takes important steps in that direction
